# Sharing Table

## Dinner parties for up to 21

When more than a couple of friends tag along for dinner, we can seat you around our Sharing Table, which accommodates up to 21 guests all together in the main restaurant.

On a regular day, we use this table like any other and encourage our guests to shoot the breeze with fellow diners. Maybe you learn a new joke; maybe you share a secret haunt; maybe you just pass the pepper.

# Lounge

## Cocktail parties for 12-15

The raised area next to our bar that can be used for both dining, or a cute drinks soiree for between 12-15 guests. Choose a selection of drinks and small plates from our a la carte menu, to please your pals.

# The Stables

## Private dining for 16

Somewhere between a hunting lodge and horsebox, our private dining room is tantamount to a country escape. Secluded from the hubbub of the upstairs restaurant, with only a couple of grazing horses for company, the space seats up to 16 guests for meetings, family greetings, and parties that spin a little out of control.

We offer both set and feast menus which are available throughout the day, and we are always happy to tailor the menu in order to accommodate any personal requests.
